From:

GARY & DOROTHY SAVAGE
148 STOKES LANE
SHELBURNE, VT 05482

As a member of the Center for Science in the Public Interest (CSPI), I urge you to save human lives by banning the use of medically useful antibiotics in animal feed. Adding antibiotics to feed in order to promote growth can make bacteria resistant to those antibiotics. And that can leave physicians with no way to treat life-threatening bacterial infections in humans. That's why I support the petition filed by CSPI.

Gary Savage
Dorothy M. Savage

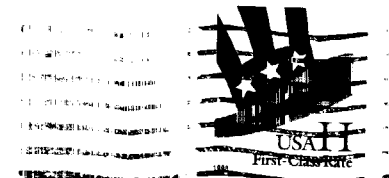

P.S. Three times in the past two years, my doctor has had to write me AN Rx for A different Antibiotic because the one he previously gave Me did NOT WORK.
